Dear Brenda

Maiden Bradley with Yarnfield Parish Council

I am writing to you on behalf of Maiden Bradley with Yarnfield Parish Council. They have instructed me to send you the below and enclosed documentation. I can provide an electronic copy if required please do let me know.

We wanted to share with you a final copy of the Parish Development Plan. We hope you'll be delighted to read the many wonderful comments written about the shop and the hall, and the crucial role both play in bringing our community together. We hope you will be proud to see how highly your work in re-establishing the shop as a community service is valued by our villagers.

We would be grateful if you could read the comments and suggestions provided about the shop and about possible activities and events in the hall. A number of villagers, including the younger members who engaged in our consultation, suggested opening the shop on a Saturday morning. We would be grateful if the Committee could consider the feasibility of a Saturday opening, if you have willing volunteers.

We would like to provide feedback to the community so would be most grateful for a response that we can publish in the newsletter and on Facebook.

Once again, congratulations on the amazing work that you and all the volunteers are doing by providing this service.

Yours faithfully,

Sarah Jeffries PSLCC

Clerk to the Parish Council
